F.A.O. William Stephan

Dear Will

Re. [www.nwplans.co.uk](http://www.nwplans.co.uk) website design

Just a short note to convey my thanks for developing the company website. The layout, design and content are exactly as I required them to be. I have been impressed by your helpful and professional approach to the project. I would have no hesitation in recommending you to my associates, or your prospective clients.

Many Thanks, again.

*W.V.Hayes*
